

The Road Not Taken

[Monica Heldal](#)

Did you cry like I cried my love
Did you laugh like I do when it's on time
Did you feel alone but made the best of it
just like I try to do
Still I got hope of how happiness can be I once was young
a peaceful emerald in mind
Now all I got are images of a land I left behind
Suddenly forgot where I came from
my country and my loved ones
Still I got hope of how happiness can be
of how happiness can be
of how happiness can be
Did you cry like I cried my love
Did you laugh like I do when it's on time
Did you feel alone but made the best of it
just like I try to do
Still I got hope of how happiness can be
