

Hold On

Julie Anne San Jose

Yes. It's you
You're the one in my life I have known
From the start that it's you
I had spend forever with
So please hold on with me
You know so well that we can't last a day
Without each other
You're all I have and I'm all that's there
To keep you goin?
Hold on, just keep on holding on
It may not be for long
Just keep on holding on with me
Hold on, just keep on holding on
It may not be for long
Just keep on holding on with me
Funny how we both try to show

That we don't really care
But deep inside the thing that matters
Is to have you by my side
Let the tears roll down, that's ok because
Tomorrow no one's goin' away
Just let this be and hold on with me
Hold on, just keep on holding on
It may not be for long
Just keep on holding on with me
Hold on, just keep on holding on
It may not be for long
Just keep on holding on with me
Hold on, just keep on holding on
It may not be for long
Just keep on holding on with me
Hold on, just keep on holding on
It may not be for long
Just keep on holding on with me
