

Stabler

The Pretties

Boy you're my savior, you're my Elliot Stabler.

Boy you're my savior, you're my Elliot Stabler. You showed up on the crime scene that was my life.

Took me in your arms, and told me not to cry. Started bagging DNA and print dusting,
Right away I knew you were Prince Charming. You've got a short temper but you've got a big heart,
You've turned bringing justice into an art. Boy you're my savior, you're my Elliot Stabler.

Boy you're my savior, you're my Elliot Stabler.

You look so good while gathering evidence,

The crimes that brought you here now seem so irrelevant. You've left your fingerprints all over my mind,
Defensive wounds from fighting how I truly feel inside. I know that you would do anything to protect me,
Defy what your captain says just to avenge me. Boy you're my savior, you're my Elliot Stabler.

Boy you're my savior, you're my Elliot Stabler.

It's so hard to stay good in a world with so much bad,

It's so hard to stay true when the world makes you so mad. You're my savior, you're my Elliot Stabler.

Boy you're my savior, you're my Elliot Stabler.
