To the Moon

[Smokepurpp](#)

Every night I'm on them drugs
I think I can't get enough
Every night I'm on them drugs
and going to the moon, to the moon
Every night I'm on them drugs
I think I can't get enough
Every night I'm on them drugs
Pop a bean and going to the moon, to the moonMaybe if I die tonight then I go to the moon
Every night I'm on them drugs
I think I can't get enough
Every night I'm on them drugs
Pop a bean and going to the moon, to the moon
Every night I'm on them drugs
I think I can't get enough
Every night I'm on them drugs
Pop a bean and going to the moon, to the moonWatch me vroom, in a coupe
In some thousand dollar shoes
Maybe if I die tonight then I go to the...
I got hoes, I got hoes, wanna fuck me
In a Audi, in a Audi
She gon' suck me, she gon' suck me
Tell her suck me up and I'ma drink on that bubbly
Every night I'm on them drugs
I think I can't get enough
Every night I'm on them drugs
Pop a bean and going to the moon, to the moon
Every night I'm on them drugs
I think I can't get enough
Every night I'm on them drugs
Pop a bean and going to the moon, to the moon
