

Arise (feat. Kriystal Ann)

GOST

A dismal confrontation
A hell on earth
Where do we go now
Where is our sanctuary No light to guide us
A flood of uncertainty
Where is the heaven
Where is your belief Now we arise
See our shields that shine
Now we arise
Feel the wrath inside
This is the region, this is the soil
This is the end of all
This is the end of all
The end of all With false religions
Full of pomp and gold
There's no salvation
Let paradise fall Now we arise
See our shields that shine
Now we arise
Feel the wrath inside
This is the region, this is the soil
This is the end of all
This is the end of all
The end of all
