

Porphyria Cutanea Tarda

[AFI](#)

I know it's here we retreat
For where else could we go?
To great disbelief there is somewhere we belong
In negative space supposed flaws go unseen
But our strength is shown In darkness together we're bringing the light
In darkness together we are forming
The fire tomorrow is born of the night
In darkness together we ignite From all we've been shunned
But we found a new home
To great discontent it is greatness that we own
In luminous eyes, reflections of fear absolute
All hate what we've become In darkness together we're bringing the light
In darkness together we are forming
The fire tomorrow is born of the night
In darkness together we ignite Through our will we bring fear
Left to burn beneath the sun
We are one [Incomprehensible] [Go home]
Never been [Incomprehensible]
Never been [Incomprehensible]
[Incomprehensible] Never been [Incomprehensible]
Never been [Incomprehensible]
Never been [Incomprehensible]
[Incomprehensible] When daylight form blinding walls
Where do we go?
The darkness calls
Days arid are scorching all
Where do we go?
The darkness calls When daylight forms binding, binding walls
The darkness calls
Days arid are scorching all
Do we go?
The darkness calls
