

Love Will Find the Way

Honesty Colors

- Love will find the way -

I believed that people/ was made for each other.
I believed that god/ has created our path.

He made you for me. / Although/ we are
a far /thousand miles/ apart /but I know

*somewhere under the same sky, you will be thinking of me
somewhere under the same sky, you will be missing me
X2

sometime is hard/ but I know that/ love will find the way
It will /lead the way,/ you will find me /no matter where I am

Our path will cross /(so) you will find me eventually
someday /we will meet, I know, I believed

*somewhere under the same sky, you will be thinking of me
somewhere under the same sky, you will be missing me

I know love will find the way
love will find the way
I know love will find the way
love will find the way
