Here and Now

Deborah Williams

Move closer to me,
I've got a secret that I just cannot keep,
Not complicated,
You said yourself that it's the little things that make it.
Wa, wa, wa don't we? Cha, cha, cha
To be in the here and now?
From time to time when i'm sure that it's alright
To be in the here and now.
Let's try it out.
What do you see?
When you're looking, are you taking it in?
So much realm, it's hard to hear when the music so loud.
Wa, wa, wa don't we? Cha, cha, cha
To be in the here and now?
From time to time when I'm sure that it's alright
To be in the here and now.
Let's try it out.
The sad of your heart beating low, beating fast
Take this dance laugh out-loud
This is it: Here and now
How does it feel?
Always wanting to be somebody new
You hold the stars, you have no ideea
Just how lucky you are
Wa, wa, wa don't we? Cha, cha, cha
To be in the here and now?
From time to time when I'm sure that it's alright
To be in the here and now.
Let's try it out.
