She gives me love,  
gives me love like all of the time,  
she got a big heart,  
a pretty smile,  
a beautiful mind.

and when she walks in the room,  
man look how she shines,  
don't need a spotlight (spotlight),  
no fancy design.

(chorus)

yeah, yeah  
that's my baby  
that's, that's my baby  
never wanna leave her,  
you couldn't pay me  
i, oh i

think i finally found a girl i want to rule my world.  
its crazy but true , its crazy but true  
can't see myself with nobody but you  
it's crazy but true, it's crazy but true
