Warrior (Ultimate Fighter Theme)

Bonez

When the lights go down and the sun comes up, break my bones and I still stand tough. I am a warrior. I am a warrior. I am a warrior.
(Let's go)
Lookin' in the mirror at the warrior. A champion, keep your story brah. Friends on my team rollin' with me. Imma ride this beat like a 10 speed. With me now you wanna fall back. Heartless punks what you call that. Saw that coming and they say I caught that. It's all bad baby don't bar that.
It's sacrifice(It's sacrifice), I'll pay the price(I'll pay the price). And the thought alone keeps me up all night. I'll walk the life(walk the life). I'll earn my stripes (earn my stripes). Heart of a beast I'll keep up the fight.
When the lights go down and the sun comes up, break my bones and I still stand tough. I am a warrior. I am a warrior. I am a warrior. (I am a warrior!) It's love and hate. Cuz I love the pain but still hate myself and I play the game. I am a warrior. I am a warrior. I am a warrior.
Lookin' at the game it's clouded. What's wrong with me, don't doubt it. Sound like everybody got they hands open, when I'm down and out they peace out it. Walkin tall no cast or brace. Never built to fall, till the casket clanks, then make me crazy like a basket case. Go on and brawl, exaggerate. Lie about it you need it. Stoke my flames, just feed it. Feast on your hate, I eat it. Scarred and grey, I bleed it. I'm on the road, I'm a Rollin Stone car full of girls, beats keep me going. Gets chicks to call, she wanna slow me down. I ain't got time for that. Tell 'em hold the phone and I'm gone.
When the lights go down and the sun comes up, break my bones and I still stand tough. I am a warrior. I am a warrior. I am a warrior (I am a warrior!) It's love and hate. Cuz I love the pain but still hate myself and I play the game. I am a warrior. I am a warrior. I am a warrior(I am a warrior!)
I seen way too much in my days. I know way too much of these games. Finger pointings a cop out. They ain't built to last they drop out. Takin shots, then poppin me. Say you're bad lettin papi see. Keep your two sense cuz talk is cheap. Stay on the top baby no defeat.
It's sacrifice(It's sacrifice), I'll pay the price(I'll pay the price). And the thought alone keeps me up all night. I'll walk the life(walk the life). I'll earn my stripes (earn my stripes). Heart of a beast I'll keep up the fight.
When the lights go down and the sun comes up, break my bones and I still stand tough. I am a warrior. I am a warrior. I am a warrior. (I am a warrior!) It's love and hate. Cuz I love the pain but still hate myself and I play the game. I am a warrior. I am a warrior. I am a warrior(Warrior! I am a warrior)
