

What A Wonderful Life

Elvis Presley

It's a wonderful life, this life I'm livin'
What a wonderful life, days with a life of ease, oh oh oh
Well, I've got no job to worry me
No big bad boss to hurry me
It's a wonderful life life's good to me
It's a wonderful road, this road I'm travelin'
It's a wonderful road headin' beyond the hills, oh-ho-oh
Oh, it may go straight or it may detour
But one thing that I know for sure
It's a wonderful life, life's good to me
Don't know where I'm goin'
Don't care where I'm goin'
Like the four winds are blowin' I go on
Laughin' the day away, lovin' the night away
Till the moon is gone
It's a wonderful life
This life I'm livin'
What a wonderful life
Livin' the life I love, oh yeah
Well, I've got neighbors, I've got friends
Just about anywhere the rainbow ends
It's a wonderful life, life's good to me
Don't know where I'm goin'
Don't care where I'm goin'
Like the four winds are blowin' I go on
Laughin' the day away, lovin the night away
Till the moon is gone
It's a wonderful life
This life I'm livin'
What a wonderful life
Livin' the life I love, oh yeah
Well I've got neighbors, I've got friends
Just about anywhere the rainbow ends
It's a wonderful life, life's good to me
What a wonderful life, life's good to me, yeah
Crazy life, life's good to me
Oh what a life
