Dwele

Baby please,
Stop hollerin' and let this pimp ads play
I didn't want nothing, I just wanted to know her name
I didn't know she was to be my lover
Flapjacks attract every man and I am but just a man
Please, baby
I feel we can lust for a weekend love
But don't doubt from now on its with you that I will lay it down
I know it's silly but I, I think I love you
If you just keep on moving it, baby just keep keep on...
