My Love

Jode Gannon

Take me to ocean to cry
I don't wanna see your tears tonight
Cause I know you'll never go
But darling please come home

Chorus

My love, My Love, My love, Oh My love

I still smell the pillow
Of where your head used to be
And all of the letters you sent
I still keep close to me

Bridge

Cause I could be your rock n roll star
And I could be your devil in disguise
And I could be the truth
That lies behind those evil eyes

Chorus

My love, My love, My love, Oh My love
