

Little Wheel Spin and Spin

Buffy Sainte-Marie

Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around Merry Christmas, Jingle Bells
Christ is born and the devils in Hell
Hearts they shrink pockets swell
Everybody know and nobody tell Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around Oh the sins of Caesars men
Cry the pious citizens
Who petty thief the 5 and 10s
And the big wheels turn around and around Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around Blame the angels, blame the fates
Blame the Jews or your sister Kate
Teach your children how to hate
And the big wheels turn around and around Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around Turn your back on weeds you've hoed
Silly sinful seeds you've sowed
Add your straw to the camel's load
Pray like Hell when your world explodes Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around Swing your girl fiddler say
Later on the piper pay
Do see do, swing and sway
Dead will dance on judgment day Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
Little wheels spin and spin, big wheels turn around and around
