One Night Stand

Bryan Ferry

One more face in the crowd
(Face in the crowd, face in the crowd)
Make me somebody else
(Somebody else, somebody else)
Whatâ€™s your sign
Whatâ€™s your name?
(sign what's your name, sign what's your name?
Will I see you again?
(See you again, see you again?)

Like a man with a broken dream
You never know
What might have been
Can you get that bird to sing
Tonight?

Love that tiger-skin rug
(Tiger-skin rug, tiger-skin rug)
Lipstick colour of blood
(Colour of blood, colour of blood)
Incense fill the room
(Fill the room, fill the room)
Fly me over the moon
(Over the moon)

Baby I love you,
Baby I want you

Like a man with a broken dream
You never know
What might have been
Can you get that bird to sing
Tonight?

(One night Stand)
In the mood and in the dark
Can you mend that broken heart?
(One night Stand)
Can you get that bird to sing

Tonight?

Like a man with a broken dream
You never know
What might have been
Can you get that bird to sing
Tonight?

(One night Stand)
In the mood and in the dark
Can you mend that broken heart?
(One night Stand)
Can you get that bird to sing
Tonight?

One more face in the crowd
(Face in the crowd, face in the crowd)
Make up taking me in
(Taking me in, taking me in)
Whatâ€™s your sign
Whatâ€™s your name?
(Sign what's your name, sign what's your name)
Will I see you again?
(see you again)

One night stand
(Baby I love you)
One night stand
(Baby I want you)

One night stand
(Baby I love you)
One night stand
(Baby I want you)
One night stand
