Forever Be Praised

ALM: UK

Coming to love on a world which was lost
Conquering death even death on a cross
Taking my place when You laid down Your life
Revealing the meaning of love when You died
Forever be praisedForever be praised forever be praised
God of salvation light of the world
Forever be praised forever be praised
Jesus my Savior Jesus forever be praisedHope was restored when You rose from the grave
Salvation for all by the grace that You gave
Victory won and Your freedom is mine
Just as You gave I surrender my life
Forever be praisedYou are beautiful You are sovereign strong
You are Savior You are God
Every knee will bow every heart sing out
For Your glory for Your praise
