

Different Strings

Rush

Who's come to slay the dragon
Come to watch him fall?
Making arrows out of pointed words
Giant killers at the call? Too much fuss and bother
Too much contradiction and confusion
Peel away the mystery
Here's a clue to some real motivation All there really is, the two of us
And we both know why we've come along
Nothing to explain it's a part of us
To be found within a song What happened to our innocence?
Did it go out of style?
Along with our naivety
No longer a child Different eyes see different things
Different hearts beat on different strings
But there are times for you and me
When all such things agree All there really is, the two of us
And we both know why we've come along
Nothing to explain it's a part of us
To be found within a song
