

Convergence

An American Shootout

I have found a place
Where I have...finally met closer
I have found a place
Where I can, be happy, once again
I put down my life, seeking something
that meant, more than anything before

Now I look back, and examine myself
And have found, I have only grown, closer to time
I'm stronger than I ever was, but I want to thank you
For the creature you made me

This is a new life, this is a new time
Without those broken times, there'd be no life, at all
And finally, I converge, with myself, more than anything

This is a new life, this is a new time
I didn't mean for anything, but I want you to know
That you have changed my life, forever...
And we were wandering, but all that I think exists
Is that I am stronger than myself, as one...

I have found a new place for myself
And it has made me the strongest I have ever been
And I just want to thank you for that

Thank you for the new life, thank you for the new time
I am better, than I ever was
After all the tribulation, I can see
That there is only light on the other side
I have converged with myself
I am proud to say, that I am better than I ever was

Convergence with myself
Converging with myself
This is...CONVERGENCE.
