Put It Down

Loick Essien

Verse 1:
You've changed the way you touch my hands
Running around saying to everyone that I'm your man
You should never let me get it
We're just friends I told you from the beginning
I don't want stress get out my head just so you know
Chorus:
I think I hate you, I think I hate you
Don't think I wanna be with you
Not after what you put me through
Oh if you never had, you never know what your missing
We went from saying no to love and now we're both catching feelings
All I wanna do is put it down, put it down, put it down on you X2
Verse 2:
You've changed in the way that you touch me
Even in the way that your holding my body
Leave me alone, leave me alone
You've changed in the way that you kissed me
Feels like it has been on somebody
Leave me alone, leave me alone
Baby I thought we were more than friends
I was giving it to you like you were my man
You said to me you said wanna make this official so put me in your pants

Chorus:
I think I hate you, I think I hate you
Don't think I wanna be with you
Not after what you put me through
Oh if you never had, you never know what your missing
We went from saying no to love and now we're both catching feelings
All I wanna do is put it down, put it down, put it down on you X2
But I don't wanna put it down, put it down, put it down, put it down, put it down (ohh no)
Put it down, put it down (put it down on you)
Verse 3:
Girl don't fall in love because your gonna be the one that starts to miss me
You always close your eyes you touch my waist and start to kiss me kiss me
You could be my ride or die if you like by my side girl
Mad at you now we're through
I don't wanna hug you can we just put this to bed

I didn't wanna say it but I still love you
Chorus:
Oh if you never had, you never know what your missing
We went from saying no to love and now we're both catching feelings
All I wanna do is put it down, put it down, put it down on you X2
I can make you sing like (sing for me) x2
Yeaaaaah..
I can make you sing like, I can make you sing like
Gotta go gotta go
