Come

Corby Lacroix

Lay down your weary head
And be given rest in your restlessness
Hear now His plea for you
In the quiet voice buried in the noiseInto the deep
Into the dark
He will follow youCome lift the name of Jesus and claim
Every blessing by the blood of the Son
Come praise the name above every name
There is love enough so come everyone
ComeFaithful, unshakeable
Is your Mighty King
Lord of everything
Fear not the dawning day
He's still on the throne
And you are not aloneOut of the deep
Out of the dark
He will carry youHumble your heart
Come as you are
Come, come
