A Garage Dayz Nite

Beatallica

Its a Garage Dayz nite
And Ive been working like a dog
Its a Garage Dayz nite
Don't you be sleeping like a log'Coz when Im playing for you
Youll find the things that I do
Will make you feel alrightYou know I play all day
I play the metal that makes your ears ring
And it kicks ass just to hear you say
You dont want Love at First Sting'Coz when I see you, its nice
To play you 'Trapped Under Ice'
You know I feel okayOn the road everything seems to be right
'Wherever I May Roam'
The road becomes my bride
