Victim

Avenged Sevenfold

House full of roses, a letter on the stairs
A tape full of messages for anyone who cares
Collage of broken words and stories full of tears
Remembering your life 'cause we wish that you were here
Nothing is harder than to wake up all alone
Realize it's not okay, it's the end of all you know
Time keeps passing by but it seems I'm frozen still
Scars are left behind but some too deep to feel
And some say this can't be real
And I've lost my power to feel tonight
We're all just victims of a crime
When all's gone and can't be regained
We can't seem to shelter the pain inside
We're all just victims of a crime
Some days you'll find me in the place I like to go
Ask questions to myself 'bout the things I'll never know
What's left to find 'cause I need a little more
I need a little time, can we even up the score?
And some say this can't be real
And I've lost my power to feel tonight
We're all just victims of a crime
When all's gone and can't be regained
We can't seem to shelter the pain inside
Ooh, we're all just victims of a crime
And nothing lasts forever, for all good days, it's true
I'd rather trade it all for somehow saving you
And must have been the season that threw us out of mind
Once I stood so tall, now I'm searching for a sign
So don't need your salvation with promises and kind
And all those speculation, save it for another time
'Cause we all need a reason, a reason just to stay
Well, some just can't be bothered to stick around another day
Ooh, how would some say this can't be real?
And I've lost my power to feel, tonight
We've all been victims of a crime
When all's gone and can't be regained
We can't seem to shelter the pain inside
Ooh, we've all been victims of a crime
Victims of a crime, living with this crime

I'm missing you, I'm missing you
I'm missing you, I'm missing you
