Turning Heads (feat. Erin Bowman)

Banzai

I got them goods like stocked shelves at a grocery store
I'm way up like a skyscraper with a hundred floors
making moves like a ninja in the dark
need a light, I got the spark
everything you need I got

Ill bring the heat like a bonfire on the beach at night
I put 'em up, knock 'em down, always getting strikes
I've got the boom like a beat that hits the spot
I'm the AC when it's hot
I'm the drink just pop the top

I got them goods, goods
ohh yeah I got it got it
I got them goods goods
you know you want it want it
I got them goods goods
ohh yeah I got it got it
I got them goods goods
you know I got em got em

(turn turning heads, turn turn turning heads)x4
oooooooooooooooo oooooooooooooo

when your with me there is satisfaction guaranteed
I'm the headline of the front page of a magazine
I'm the one who can make dreams come true
follow me they'll follow you
I set the trends, that's how I do

I'm like the forefront of new age of technology
one step ahead of anyone who's not with me
your missing out, I'm the one who's got the scoop
when I get the shot I shoot
bring the ball I'll bring the hoop

I got them goods, goods
ohh yeah I got it, got it
I got them goods, goods
you know you want it, want it

I got them goods, goods
ohh yeah I got it, got it
I got them goods, goods
you know I got em, got em

(turn turning heads, turn turn turning heads)x4
oooooooooooooooo oooooooooooooo

turning, turning heads all day all night
turning, turning heads from the left to the right
turning, turning heads all day all night
turning, turning heads cause I've got that thing, thing they like
cause I've got that thing, thing they like
(got that thing, thing they like)x3
turning, turning heads all day all night
cause I've got that thing, thing they like
got that thing, thing they like

(turn turning heads, turn turn turning heads)x4
