Where Do We Go

Professor Green

remember when it started i tried to hold back,
didn't wanna get too into it nor get too intimate,
tried to back off, but that back-off,
she's gorgeous, 5 ft 4 and 3 quarters,
half Italian half Japanese, she can make cars crash in them jeans,
but she's so much more than a body, she's perfect,
I knew it would hurt but it was worth it, 'cause when it was working
weren't nothing like it and to be honest it's as in love that I've been ever!
I never felt a love like this before, so is it I feel so insecure,
fuck it I'm taking her dive, no more linking I'm making her mine but
where do we go, where do we go, where do we go from here.
where do we go, where do we go, where do we go from here.

It's been a couple of months, we've grown so tight so quick,
I just might let you in see, I'm quite closed off,
I got alot of pain inside, thats why i get high till i dose off but,
i change in time atleast i hope to, cause it feels so right when i hold you,
i wanna get inside i wanna know you, theres so much of i, i wanna show you
and though im scared to, im prepared to, trust you as long as you share too.
Lucked up, both loved up, but little did we know we were both fucked up
the more open we were the more vulnerable, but after a while werent fun at all
it got deep and procided to change, i needed you and you needed the space
what a waste.
where do we go, where do we go, where do we go from here.
where do we go, where do we go, where do we go from here.
