Nothing is Real

Vanilla Ice

2 2 2 ICE
yeah 1 2 1 2 mic check uh
death and destruction
weak rhymes and hard crimes
tech nines and lost time to find my
know what it's like to world fight
and white lies
dark side with no sides
the very light
to decide what lies inside the eyes
terrorize despite the pain surprise
i wont front you know i wont hide
why? its fright night worldwide
CHORUS
it's coming its coming 4x
nothing is real
cant do what u feel
nothing feels right
cant save my life
steady rise and rise to the other side
predefined and unified its redefined
love or hate complicate when we all die
dont lose sight of the struggles that i have inside
find out the reason why the people ask why
they see the light i'm going out each and every time
now clear the path i feel the wrath now I'm free
get from in front of me
CHORUS
you cant make me die
now i testify
through you i can see
get from in front of me
you cant make me die
now i'm detrified
through you i can see
get from in front of me
NOW!!!
CHORUS
CHORUS

nothing is real
cant do what u feel
nothing feels right
cant save my life
nothing is real 4x
