Lavender

Two Door Cinema Club

I disappeared last night
While sleeping in my bed
A field of lavender beneath my head
Another planet, I'll try to map it
No user interface
It won't escape me againAnd if I sleep tonight
The cosmic radiation
I won't complain
Maybe I can find the right frequency and station
I might just stayDon't wake up
I'll be here for centuries
Sweet magnetic energy
Nothing quite like this ever has existed
But God knows how I missed it
Gravity is losing its hold
Ho, oh, oh, old
I can feel it fading
Gravity is losing its hold
Ho, oh, oh, old
I can feel it fading
Gravity is fadingI'll float on endlessly
Senses alluding me
This long horizon to this open sea
Not that I'm giving living not a chance
Giving luck a chance
I'll find something somedayAnd if I sleep tonight
The cosmic radiation
I won't complain
Maybe I can find the right frequency and station
I might just stayDon't wake up
I'll be here for centuries
Sweet magnetic energy
Nothing quite like this ever has existed
But God knows how I missed it
Gravity is losing its hold
Ho, oh, oh, old
I can feel it fading
Gravity is losing its hold
Ho, oh, oh, old

I can feel it fading
Gravity is fadingGravity is losing its hold
Ho, oh, oh, old
I can feel it fading
Gravity is losing its hold
Ho, oh, oh, old
I can feel it fadingGravity is losing control
Tro, oh, oh, ol
I can feel it fading
Gravity is losing control
Tro, oh, oh, ol
I can feel it fading
Gravity is fading
