

# Can I Feel This Way

Dizzy Wright

Man this is god's poetry, vibe and roll with me, rocking all on this beat  
I used to complain about not having shoes, until I seen a man with no feet  
Now I feel rich  
Money don't make me who I am I never looked down on someone that need a lift  
Kindness is a gift  
Kinda can smell success, I'm just, I'm just trying to get a whiff  
You could say that I'm glad that I had me a childhood (Why's that?)  
'Cause now I'm living out my dreams  
Nowadays kids not even living they life, they just staring in they iPhone screens  
By any means necessary  
Rhyming all that's left in you  
Better love the ones next to you  
I see a lot of young niggas looking for a sex symbol  
Technology is taking over  
Feed off these real vibes as you make it older  
Young soldier, we all gotta grow  
And when you think that you got life figured all out, you realize how much you don't know  
Look, after Moms threw me out on the curb  
Back when the vibes was louder than words  
Yo, I told myself I was gon' get it and god is my witness  
My focus was how to be heard  
Now I'm here, I see the smiles and tears  
I hope this live for a thousand years (It will)  
True leaders create more leaders, so tell them haters they ain't never gonna be allowed in here  
'Cause we characterize (We characterize)  
People by actions I see when I stare in your eyes  
Forever surprised (Why)  
See, everything better whenever I'm high  
Break it down I wanna let out all my frustrations  
But I ask myself can I feel this way  
Ay, ay, ay, ay (Ay, ay, ay)  
Can I feel this way?  
Is it wrong that I feel this way?  
Can I feel this way?  
Because Look, I don't know y'all trying to be  
I'm creating my dynasty  
Inspire these kids every time I speak (Yo)  
I guess they believing us  
Like Martin when they tried to black out the black folks and white America mistreated us

My momma said "too bad they needed us"  
It's only one race and that's the human race  
So that's what I plan to teach my kids  
Respond to these fools with silence  
As I'm giving y'all the growing process  
You can tell me what's next  
I ain't heard nothing like it  
(How you gon' remember me?)  
From living in positive energy without ever having a doubt?  
Or praying for my enemies, [?] by the hate  
'Cause I ain't never take the easy way out  
S'till I pray  
Can I feel this way, Lord tell me can I feel this way  
Real man always trying to make a play, just a thought  
Got me working at my craft every day  
[?]  
W-w-w-wake up, get right, look in the mirror and I hope you see yourself  
I honestly don't want you to be like me  
I wanna, inspire you to go and be yourself  
We call that love and awareness  
The shit that you get for free but don't cherish  
Y-you have a beautiful soul, it's no reason to be so embarrassed  
'Cause we just gon' characterize  
These people by actions I see when I stare in your eyes  
Forever surprised  
See, everything better whenever I'm high  
And right now
