

# All In

## The Summer Set

Back to the place that we always go  
One more time 'fore we all get old  
Stephen's in love, John's getting high  
Jess in the back, starting a fight  
We do what we want, 'cause it's all we know  
Pass around the contract, where's the dotted line at?  
Ain't nobody going home Here's to tonight, wherever it goes  
I'm all in  
Chasing the light, we don't do no last calling, calling  
We never ever needed love  
'Cause, if we got our friends then that's enough  
Wherever it goes I'm all in, all in  
Wherever it goes, wherever it goes  
Wherever it goes, I'm all in Running around like we own these streets  
Wearing the crown like the Whiskey Kings  
We know who we ain't, we know who we are  
We takin' the bait, we take it too far  
We get what we want, we want everything Here's to tonight, wherever it goes  
I'm all in  
Chasing the light, we don't do no last calling, calling  
We never ever needed love  
'Cause, if we got our friends then that's enough  
Wherever it goes I'm all in, all in  
Wherever it goes, wherever it goes  
Wherever it goes, I'm all in Now it's 4AM in the parking lot  
We'll be singing Blink songs till' the sun comes up  
'Cause I don't know if we'll be here again  
Singing, oh, we're going all in Now it's 4AM in the parking lot  
We'll be singing Blink songs till' the sun comes up  
'Cause I don't know if we'll be here again  
Singing, oh, we're going all in Here's to tonight, wherever it goes  
I'm all in  
Chasing the light, we don't do no last calling, calling  
We never ever needed love  
'Cause, if we got our friends then that's enough  
Wherever it goes I'm all in, all in  
Wherever it goes, wherever it goes  
Wherever it goes, I'm all in Now it's 4AM in the parking lot  
We'll be singing Blink songs till' the sun comes up

'Cause I don't know if we'll be here again  
Singing, oh, we're going all in
