

Love That Will Survive

Mastedon

All my life, I've been lookin' for something
Standing in line, oooh waiting for my time
Searchin' for the real thing, it's hard to believe
So many people that are broken-hearted, waiting to see
I don't wanna talk about it, don't wanna play those games
Those days are goneChorus:
I found a love that will survive, I found a love
I found a love that lasts foreverAlways the same, seldom a victory
It's a give and take, but we never receive
But my heart's like a fire, waiting to burn
Like the mind of a young boy, wanting to learn
What happens to a good thing, ya know it always goes bad
It's not love that I haveI found a love that will survive, I found a love, I found a love
I found a love that lasts forever, a love that lasts forever
I found a love
