

W.E.T.

Paloma Ford

[Verse 1]

When you know you out there, baby, where you been?

I know you could feel the tension in the air

Just take off your clothes and come over here

It's about to go down, way down, down[Chorus]

You make me want it every time

You make me want it every time

You make me want it every time

You make me want it every time

You get it wet

[Verse 2]

I can take control, baby, let me know

I ain't slowing down, baby, nice and slow, yeah

Daddy keep it right there, don't fuck up the flow

There's so many reasons why[Chorus]

You make me want it every time

You make me want it every time

You make me want it every time

You make me want it every time

You get it wet
