

Rental Car (John King remix)

[Beck](#)

Hey now girl what's the matter with me
We're on a back road something to see
Straight as a razor kickin' the dust
Diggin' through ditches and fallin' to rustTakin' me far
Far as a rental car can goHey now girl at the end of the road
Down where the reaper is walkin' alone
Singing a death knell
Clappin' along
At the end of the night
There's a road we'll be onTakin' me far,
Far as a rental car can go
