

# Lay You Down

[Matt Corby](#)

I thought I knew I'd find you  
Right in front of my eyes  
Oh, it's holdin me down  
And oh it's holdin me down  
To let you inside, now It's calling out, it's calling me  
And I follow the hour  
And I will love your way  
And I love your way  
To let you inside, now And all along the way  
I'll find you, I'll find you  
And all along the way  
I'll find you, I'll find you  
And all along the way  
I'll find you, I'll find you and lay you down Even though you can't touch me  
I'm right there under your skin  
And I've fallen in love before  
But with no one with a name not anymore And all along the way  
All along the way  
And all along the way  
I'll find you, I'll find you  
All along the way  
I'll find you, I'll find you And all along the way  
I'll find you, I'll find you, down And all along the way  
I'll find you, I'll find you  
And all along the way  
I'll find you, I'll find you  
And all along the way  
I'll find you, I'll find you  
And all along the way  
I'll find you, I'll find you
