

# Dying to Know

## Tegan and Sara

Put a little of you into my heart  
Took a chance and you tore it apart  
I let a little light into the dark  
Caused a blackout inside of my heart  
See your face, makes it hard to move on  
Hear your voice, can't manage alone  
Tell me what you're doing, now where you live  
Tell me are you in love, how you've been  
I'm dying to know  
Is the one you ended up with everything you wanted?  
I'm dying to know, I'm dying to know  
Is the one you ended up with everything you wanted?  
You've been on my mind again  
I've been crying to all my friends  
You hurt me bad, I want to understand  
Hit me back cause you owe me that  
I keep telling this to my friends  
Can't let go of what's in my head  
You hurt me bad, I wanna understand  
Hit me back cause you owe me that  
I'm dying to know  
Is the one you ended up with everything you wanted?  
I'm dying to know, I'm dying to know  
Did you ever even give me a thought?  
Do you ever think about me at all?  
There's a whiteout over you in my mind  
Should have never let you into my life  
Why'd you let me go on thinking I was the only one?  
You knew I loved you more than I'd loved anyone  
You know you left me nothing but a world of hurt  
It kills me still no matter what you might have heard
