

# Villainy and Virtue

## Dead to Fall

Villainy has many forms  
But none as vile as virtue  
The depth of your compassion  
Is as shallow as your thoughts  
Villainy has many forms  
But none as vile as virtue  
The depth of your compassion  
Is as shallow as your thoughts  
As you claim the embrace of angels  
Your intentions are too dark to speak  
As you claim the embrace of angels  
Your intentions are too dark to speak  
Like a wolf in sheep's clothing  
You pretend to be part of the flock  
And somehow you convince us all  
That you are something you're not  
Those words and actions tear us all down  
You're not content 'til everyone around  
Is with you in that hole you've dug for yourself  
Die alone in that hole by yourself  
This is where I draw the line  
Sever all ties with no regrets  
This is where I draw the line  
Sever all ties with no regrets  
Villainy has many forms  
But none as vile as virtue  
The depth of your compassion  
Is as shallow as your thoughts  
Villainy has many forms  
But none as vile as virtue  
The depth of your compassion  
Is as shallow as your thoughts  
As you claim the embrace of angels  
Your intentions are too dark to speak  
As you claim the embrace of angels  
Your intentions are too dark to speak  
Like a wolf in sheep's clothing  
You pretend to be part of the flock  
And somehow you convince us all  
That you are something you're not  
This is where I draw the line  
Sever all ties with no regrets  
This is where I draw the line  
Sever all ties with no regrets
