

Feeling That Way

Journey

Opened my eyes to a new kind of way
All the good times that you saved
Are you feeling, you feeling that way too
Or am I just, am I just a fool? When the summer's gone
She'll be there standing by the light
Once she's been to where she's gone to
She should know wrong from right
Is she feeling? Are you feeling, you feeling that way too
Or am I just, am I just a fool? A new road's waiting, you touched my life
Soft and warm on a summer's night
You're the only one, I told you, the only one I love
The lovely one I'm thinking of When the summer's gone
She'll be there standing by the light
Once she's been to where she's gone to
She should know wrong from right
Is she feeling? Are you feeling, you feeling that way too
Oh yeah yeah yeah
Feeling that way? When the summer's gone
She'll be there standing by the light
Once she's been to where she's gone to
She should know wrong from right
Is she feeling? Is she feeling
Feeling that way?
Feeling that way
Feeling that way
Feeling that way
Feeling that way
