

# Feels Good

## Hard-Fi

Take everything that I own  
My destination's unknown  
If I started to yell  
Could you even tell  
Would it do any good  
Mr. Misunderstood  
I'm not asking for change  
I know it sounds strange  
But it feels kinda good  
Feeling this bad  
I'm invincible  
At my all-time low  
And it feels good  
Yeah feeling this bad  
I'm at the end of my rope  
I just remembered a joke  
Have you heard the one  
About the one I've become
