

# Torn in Two

## Ray Wylie Hubbard

There's a tattoo on my shoulder  
There's a story under my skin  
Put there to remind me  
Of the shape you left me inI took the Ford 'cause it was rainin'  
I went down Chipper Wall road  
I put it out from the window  
Like a thousand fools beforeI've got a heart that's torn in two  
So everyone can see  
I'm nothin' without you  
My heart's been torn in twoI was talkin' all about you  
As if it mattered to him  
He sat and said, I know her  
Drew it on and colored it inI've got a heart that's torn in two  
So everyone can see  
I'm nothin' without you  
My heart's been torn in twoI put a thousand miles on my motor  
I broke down in Bowling Green  
To find a girl who thinks just like you  
I gotta burn some gasolineI've got a heart that's torn in two  
So everyone can see  
I'm nothin' without you  
My heart's been torn in twoI've got a heart that's torn in two  
So everyone can see  
I'm nothin' without you  
My heart's been torn in two  
My heart's been torn in two  
My heart's been torn in two
