

Feelings Show

Colbie Caillat

He told me, he'd wait here patiently but
I wonder if he's kidding
Well, maybe, he could be serious now
Maybe not, maybe not, because
Love is crazy, pretty baby
Take it real slow, my feelings show
All you have to do is never ever let it go
My feelings show and I want you to know
My feelings show
I'm sorry it's taking me so long
To find out what I'm feeling
I wonder if it will come to me
Maybe not, maybe not, because
Love is crazy, pretty baby
Take it real slow, my feelings show
All you have to do is never ever let it go
My feelings show and I want you to know
My feelings show, how I want you to know
What I'm trying to say is that
I'm feeling a change and I'll let it take all over
If you need time away, I won't ask you to stay
But I don't want to lose you
Love is crazy, pretty baby
Take it real slow, my feelings show
All you have to do is never ever let it go
My feelings show
Love is crazy, pretty baby
Take it real slow, my feelings show
All you have to do is never ever let it go
My feelings show and I want you to know
My feelings show
Never ever let it go, my feelings show
Never ever let it go, my feelings show
Never ever let it go, my feelings show
Feelings show, feelings show, feelings show, feelings show
