Heaven Nor Hell

Volbeat

Well, I've heard that the devil's walking around I sold my soul way down in the dirt But stole it back and forever in debtAnd for a moment I don't even care Until I feel his breath at my neck And maybe even you can feel it too He's on a strike and looking at youHolding onto his words forever I saw an angel become the devil Still they look pretty good hand in hand Well baby, I don't need any of them Heaven nor hellWell, I've heard that the morning star of a prince Was invoked on a Monday on earth I found his business card in the mudAnd for a moment I don't even care Until I feel his breath at my neck And maybe even you can feel it too He's on a strike and looking at youHolding onto his words, but baby I saw an angel become the devil Still they look pretty good hand in hand Well baby, I don't need any of them Heaven nor hellEvil came down on earth And it beholds more than you love More than you loveHeaven don't fall on earth What you behold is no longer a word No longer a wordWell, I've heard that the devil's walking around I sold my soul way down in the dirt But stole it back and forever in debtAnd for a moment I don't even care Until I feel his breath at my neck And maybe even you can feel it too He's on a strike and looking at youHolding onto his words, but baby I saw an angel become the devil Still they look pretty good hand in hand Well baby, I don't need any of them
