Dirty Mouth

Built Like Alaska

You so nasty
Ooh you sexy
Walking past me
But girl you got a dirty mouth
Dirty mouth
Dir-dir-dir-dir dirty mouth
Dirty mouth
Dirty mouth
Dir-dir-dir-dir...
I thought the girls before were dirty huh
But they got nothing on the way you talk to me
Words most people ain't even heard before
Everything that comes out your mouth I can't believe
No Sir
You can't mess with her
This girl is so absurd
With the four letter words
And it's a damn shame
Her mum ain't to blame
She do it every single time
That she's having a drink
Cause when she's had too much
They all say woah oh no
I think she's had too much
They all say woah oh no
Watch out
Look out
Oh no
She's going
Going
Gone
She got that
Dirty mouth
Can I buy you a drink
I'll clean you out
Don't make
She got that
Dirty mouth
Can I buy you a drink

I'll clean you out
Don't make
She got that
She's telling me her tolerance is strong
And she can handle almost any foaking thing
Right now she's sober but she ain't for long
Cause she knocking them back like one two three
No Sir

You can't mess with her
You can't mess with her
This girl is so absurd
With the four letter words
And it's a damn shame
Her mum ain't to blame
She do it every single time
That she's having a drink
Cause when she's had too much
They all say woah oh no
I think she's had too much
They all say woah oh no
Watch out
Look out
Oh no
She's going
Going
Gone
She got that
Dirty mouth
Can I buy you a drink
I'll clean you out
Don't make
She got that
Dirty mouth
Can I buy you a drink
I'll clean you out
Don't make
She got that
She got that
Dirty mouth
Can I buy you a drink
I'll clean you out
Don't make
She got that
Dirty mouth

Can I buy you a drink
I'll clean you out
Don't make
She got that
She got that
Dirty mouth
Can I buy you a drink
I'll clean you out
Don't make
She got that
Dirty mouth
Can I buy you a drink
I'll clean you out
Don't make
She got that
