

# Psychotic Gothic Rockstar

## Broomstick Witches

yeah  
i am psychotic gothic rockstar  
come on baby jump into my demon car  
i'll take you to my dark dark star  
i have photos of naked goth girls  
pierced and tattooed on my black bedroom walls  
come on baby jump into my demon car  
i'll take you to my dark dark star  
yeah i am psychotic gothic star  
psychotic gothic rockstar  
i have a pet python yeah by the name of lucifer  
sleeps on my black comforter  
come on baby jump into my demon car  
i'll take you to my dark dark star  
i have deadly nightshade growing in my witchy garden  
come on now jump into my demon car  
i'll take you to my dark dark star  
i am psychotic gothic rockstar  
psychotic gothic rockstar  
come on baby jump into my demon car  
i'll take you to my dark dark star  
yeah
