Maneater

The Eight Group

Turn loose the lightning metal hawgs
And set me free
Turn loose my crying metal hearts'
1200 C.C.s
Cold steel forever, I'm gonna ride
And burn the flame
It feels like thunder, it's breathing fire
And can't be tamed
Thunder rolling down the highway
These wheels of fire, eat you alive
Them outlaw riders going my way
A Harley child until I die
Maneater, born free I ride
Maneater, wings of freedom
Burn the line, oh, for metal minds
Maneater, born free I ride
Maneater, got wings of freedom
Burn the line, oh, for metal minds
Run to the scorching desert sun
V-twins will scream
Into the blackness of the night
At twisting speed
High on the hawg, I'm riding on
Engines explode
It feels like thunder, it's breathing fire
It rules the road
Milwaukee metal on the highway
These wheels of fire eat you alive
Them outlaw riders going my way
Only the strong here will survive
Maneater, born free I ride
Maneater, wings of freedom
Burn the line, oh, for metal minds
Maneater, born free I ride
Maneater, wings of freedom
Burn the line, oh, for metal minds
Them bad boys, riding on forever
When they die they ride in Harley heaven
Maneater, born free I ride

Maneater, wings of freedom
Burn the line, oh, for metal minds
Maneater, born free I ride
Maneater, wings of freedom
Burn the line, oh, for metal minds
