

# Love Snuck Up

**Buddy Miller**

Got lucky once when I didn't know enough to let myself stand in the way  
Must have done something right for a change cause love snuck up on me  
I let you come around until you came around to your senses finally  
It should have been as plain as the smile on my face that love snuck up on me Love snuck up on us love snuck  
up on us  
Caught me by surprise like it does love snuck up on us  
I didn't even want to run except into your arms eternally  
It's hard to explain but you said you felt the same I knew that love snuck up on us  
Was it by coincidence or did it happen accidentally  
I knew I didn't ever have a chance after love snuck up on us
