

Silence Macabre

Dark Sanctuary

[Music by Hylgaryss, Lyrics by Sombre Cr]S'vanouissant

Devant les sourdes flammes,

Le silence reprit son trône...

Affirmant la tyrannie,

Retrouvant l'ataraxie...

Mais qu'apporterait le nant ?

Face cette entaille bante

Qu'est la mort...Qu'est ce que la délivrance ?

Probablement ce précipice

Destin propice d'un sacrifice...Tant de questions,

Tant d'hésitations...

Pour si peu de réponses,

En si peu de temps...Silence macabre...

Silence de la mort...[Translation][Gruesome silence...][Music by Hylgaryss, Lyrics by Sombre Cr]Fainting

Before the deaf flames,

Silence took back its throne...

Asserting tyranny,

Finding back ataraxia...But what would bring nothingness ?

Before this open wound

Which death is...What is deliverance ?

Probably is it this precipice,

Propitious fate for a sacrifice...So many questions,

So much hesitation...

For so few answers,

In so short a lap of time...Gruesome silence...

Silence of death...[Translated from french by Aries]
