

I Want You To Want Me

Solid Harmonie

(M.Martin/J.Schulze)

Chorus:

I want you to want me
for all that I am

I hope that you will try to understand

Do you feel the same (repeat)

I want you to want me
for all that I am

And I'll never leave you behind

I want you to be by my side
you're always on my mind

Baby am I the only
We've got to stop this game
Tell me do you feel the same

Chorus

Now take a good look
what you see is for real

You know I've got nothing to hide

The way that I am is the way
that I feel for you now

Baby am I the only
We've got to stop this game
Tell me do you feel the same

Chorus

Everybody knows that I need you

There ain't nothin' in the world I wouldn't do

Please understand this what I am

Chorus (2x)
