

I'm Bored

Rostok Vampires

How do you feel alright?
Maby like a captured spider
Who cares tonight
As the humour sized you
You wanted what?
I think about your enemy
Evaluate by none
I'm bored
Tell me'bout your helpless breath
'bout your failure
I mean it's a sucking embrace
Nice grace
I am the wicked union
I am the mirror one
Until you knuw that I'm the weapon
Shooting back at you
I'm bored
