

# Stand Up

## Minor Threat

Something's fucked up. Something not right. I came to have a good time. You  
came to fight. But I do fight. Nothing to fear 'cause I know my friends are  
here.

I don't like to fight. I don't like getting hurt. Got my guard up. State of  
alert.

I don't look for trouble. Trouble finds me. Need my friends. In an  
emergency.

Don't go out alone. Go with a friend. You might need him in the end. Stand  
up. Stand up. Stand up. Stand up. And be counted.
