Newday

Graham Nash

Where was I yesterday?
Have I been there once before?
And who was I yesterday?
Dont wanna be him no moreIts a newday, its a newdayWhere will I be tomorrow?
I hope I've never been there
And who will I be tomorrow?
I really hope Im still hereIts a newday, its a newday
Its a newday, its a newdayIm gonna look for the light
Youre all I need to make it right
Im gonna look for the lightIts a newday, look for the light
Its a newday, look for the light
Its a newday, look for the light
Its a newday, look for the light
