

Christe Eleison

[Michelle Tumes](#)

Grant us grace and grant us hope
Grant us grace and grant us hope When you bring this joy in our youth
In the age of want and despair
Ooh, youre always leading
Ooh, with the life youre bringing And we wonder who we are
And we ponder who weve become
Ooh, our hearts have slumbered
Ooh, our feet have stumbled Kyrie eleison, Christe eleison
Kyrie eleison, Christe eleison When we pass through ancient streets
Of our hopeless history
Ooh, our eyes are weeping
Ooh, but we are seeking Kyrie eleison, Christe eleison
Kyrie eleison, Christe eleison
