

# Let It Happen

MxPx

I want someone to love  
A girl that when I think of will put a smile on my face  
I want to hold her hand  
I want her to understand there's got to be a better place  
Than this world 'cause this is the best time of our lives  
She should've be thinking about that now  
She turns my world around  
And I let it happen every time  
I want a lot of things  
Selfishness always seem to bring all the pain back in my mind  
Which way to go answers to questions I don't know  
There's better things that we can find  
Than this world 'cause this is the best time of our lives  
She should've be thinking about that now  
She turns my world around  
And I let it happen every time  
I need someone to love  
A girl that when I think of will put a smile on my face  
I want to hold her hand  
I want her to understand there's got to be a better place  
Than this world 'cause this is the best time of our lives  
She should've be thinking about that now  
She turns my world around  
And I let it happen every time
